# Introduction

1. This parts catalog for 6LAALG,6LAALG-DT is as well as the new one the 6LAALG-1,6LAALG-DT(YCP250G).

|                         | Parts catalog No. | Date of issue | Remarks  |
|-------------------------|-------------------|---------------|----------|
| First edition           | 000Y00G2390       | Nov.,1990     | No Need. |
| 1st Edition(supplement) | 000Y00G2391       | Feb.,2002     |          |

2. Standard finish color. : Metallic eole silver  
 Parts No. 977620 – 10070 1 ℓ (Can)  
 977620 – 40070 4 ℓ (Can)  
 TOR – 90090003 Spray(1 piece)

3.This parts catalog dose not contain the technical date needed for servicing.

4. The illustrations used in this parts catalog have been simplified for clarity.

5. The essential points list.

| Model                                |                         | 6LAALG                                        | 6LAALG-1 | 6LAALG-DT | 6LAALG-DT(YCP250G) |
|--------------------------------------|-------------------------|-----------------------------------------------|----------|-----------|--------------------|
| Type                                 |                         | Vertical, water-cooled, four-cycle gas engine |          |           |                    |
| No.of cylinder-Bore(mm) × Stroke(mm) |                         | 6-148 × 165                                   |          |           |                    |
| Ignition system                      |                         | Spark ignition(Battery DC24V)                 |          |           |                    |
| Starting system                      |                         | Erectric starting DC24V-5.5kw × 2             |          |           |                    |
| Rotating direction                   | View from Flywheel side | Counter-clockwise                             |          |           |                    |
| Power take-off position              |                         | Flywheel side                                 |          |           |                    |
| Cooling system                       |                         | One/Two circuit fresh water discharge cooling |          |           |                    |
| Lubricating system                   |                         | Forced-feed lubrication depend gear pump      |          |           |                    |

6. The contents of this parts catalog are subject to change without prior notice.

7. Be sure to use only genuine Yanmar part for repairs. If other parts are used, the life of the engine may be shortened.
