PARTS CATALOG

NPC-2145

**YANMAR AGRICULTURAL EQUIPMENT CO., LTD.**

# YOUR PARTS ORDERING

- When placing your parts order with us, Please contact us upon confirming the Model, Part No, Description and Q'ty of the parts you want to order by this parts catalog.  
First look for the illustration of the part you want. Then you can find out the necessary informations by tracing the illustration No., as each illustration corresponds to the parts list on the following page.
- All parts the illustrations of which are not numbered shall not be sold separately.
- You are asked to prepare parts, especially consumable parts in the demand season earlier, as orders will come with a rush in this season.
- Parts other than those due to misshipping on your part shall not be allowed to returned in principle.
- Please surely use **YANMAR** Genuine Parts in any **YANMAR** Product.  
(Use of similar goods (parts) on the market causes earlier damage or worsening of performance.)

## HOW TO READ THIS PARTS CATALOG

- In the case where a Ref. No. given in the list does not agree with the corresponding Sketch No. in illustration (no suffix number as shown below), an illustration for such a New Part has been omitted only in the case of a parts change for which Interchangeability Symbol N, R or K is given.  
[Example]
- | Sketch No. in Illustration | Ref. No. in List |                     |
|----------------------------|------------------|---------------------|
| 1                          | 1                | (Before the change) |
| 2                          | 1                | (After the change)  |
|                            | 2                |                     |

- Indication and meaning of level Level

- .....A number of dots indicated is called the level which refers to the assembly-component relation of an assembly part.  
("·" refers to an assembly part.)
- Refers to a component included in an assembly part indicated by one dot (·).
- Refers to a component included in a complete part indicated by two dots (··).  
(It indicates a sub-component of pertinent assembly part indicated by one dot (·).)

- Indication and meaning of interchangeability symbol  
(Given under the column "I" next to the quantity column in the list)  
In the case where a parts change took place, one of the following interchangeability symbols is indicated for that part:

Symbol	Interchangeability	Contents note
N	New $\begin{array}{c} \text{---} \text{---} \\ \text{---} \text{---} \\ \text{---} \text{---} \end{array}$ Old	New Part is interchangeable for Old Part but not interchangeable conversely.
P	New $\begin{array}{c} \text{---} \text{---} \\ \text{---} \text{---} \\ \text{---} \text{---} \end{array}$ Old	Same as symbol N but supply of Old Part is suspended and New Part is sold in the future.
Q	New $\begin{array}{c} \text{---} \text{---} \\ \text{---} \text{---} \\ \text{---} \text{---} \end{array}$ Old	New Part is not interchangeable for Old Part but interchangeable conversely.
R	New $\begin{array}{c} \text{---} \text{---} \\ \text{---} \text{---} \\ \text{---} \text{---} \end{array}$ Old	New Part is interchangeable for Old Part and vice versa.
S	New $\begin{array}{c} \text{---} \text{---} \\ \text{---} \text{---} \\ \text{---} \text{---} \end{array}$ Old	New Part is not interchangeable for Old Part and vice versa.
W		Part newly added.
Z		Part discontinued.
F		Not interchangeable by single part but interchangeable by set of the related parts.
K		Changed only in quantity used.

- Remarks ..... (column "R" given at the right end of the list)  
9-1) A numerical or alphabetic character (symbol) may be indicated under the column "R".  
9-2) A comment (remarks) for a part in question is given at the lower part of the list, following a symbol identical to the aforementioned symbol when a symbol is indicated under the column "R".
- Virtual No. in illustration  
A Sketch No. in illustration containing an encircled numeral indicates other related Group No.  
[Example]

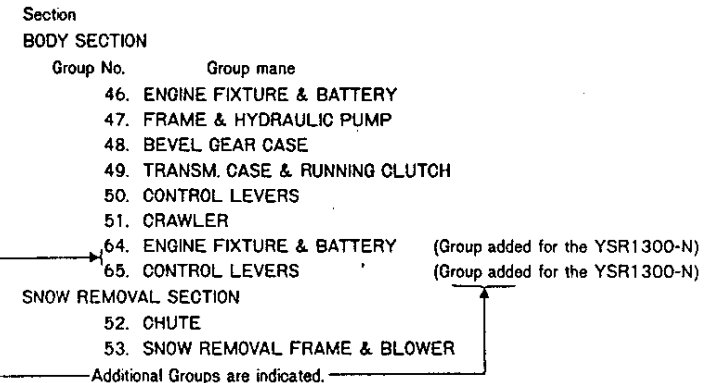

- Change Effective Machine No.  
When a part is changed, a Change Effective Machine No. of such a model for which a New Part is applied is indicated as follows:  
[Example] Model columns A ~ F  
(Model indication is given in two kinds, namely, 4-model and 6-model indications.)  
correspond to A ~ F in front of Change Effective Machine No.

- [Example] A=F610001 B=F612001  
Model column A indicates that a parts change is put into effect from Machine No. 610001 and on. And moreover Model column B indicates that a parts change is put into effect from Machine No. 612001 and on.

- [Classification]
- |   |                  |              |
|---|------------------|--------------|
| E | Engine No.       | } indicated. |
| F | Machine Body No. |              |
| R | Rotary Unit No.  |              |

- Additional Group No. found in the Revised Edition  
Kindly understand that a Group No. other than consecutive numbers has been entered in the case where the corresponding Group is added within the pertinent Section.  
[Example]

Owing to the improvement of **YANMAR** Product involved or its parts, the contents of this Parts Catalog may be altered without prior notice to you.
